Subject: Middle Ocmulgee Water Planning Council, Initial Recommended Regional Water Plan

Dear Director Barnes:

The Middle Ocmulgee Water Planning Council is pleased to present you with the Initial Recommended Water Development and Conservation Plan (Regional Water Plan) for the Middle Ocmulgee Region. The Middle Ocmulgee Council has worked very hard with EPD staff, interested stakeholders and its Planning Contractor to develop an Initial Recommended Regional Water Plan that will help manage the region's water resources in a sustainable fashion through the year 2050.

We believe that the enclosed Initial Recommended Regional Water Plan meets all of the mandates of the State Water Plan and complies fully with all EPD guidance received during the water planning process. We are ready to have EPD release the Plan for public review and look forward to feedback regarding our Council's recommendations. Comments provided will be fully considered by the Council during the official 45-day public review for the Regional Water Plans, scheduled to begin on May 9th.

We look forward to finalizing the Regional Water Plan and will be in close contact with your staff during and following the public review period. Please feel free to call me at (478) 747-9476, or our Planning Contractor (David Ashley at 678-333-0444, or Tai-Yi Su at 678-333-0257) if you have any questions.
